

RESOLUTION NO. 2018-10-4

**RESOLUTION OF THE BOARD OF DIRECTORS OF THE
THREE LAKES WATER AND SANITATION DISTRICT OPPOSING
“AMENDMENT 74”, AN ATTEMPT TO AMEND THE
COLORADO CONSTITUTION TO DRASTICALLY LIMIT STATE AND LOCAL
GOVERNMENT SERVICES AT A HIGH COSTS TO TAXPAYERS**

WHEREAS, the Three Lakes Water and Sanitation District (“District”) is a special district and political subdivision of the State of Colorado, acting pursuant to certain powers set forth in the Colorado Special District Act, C.R.S. § 32-1-101, *et seq.*; and

WHEREAS, local government services are essential to the citizens of the District; and

WHEREAS, Amendment 74 has been written by certain out-of-state corporate interests to change the text of the Colorado Constitution, Article II, Section 15, which dates back to 1876 and threatens basic governmental services; and

WHEREAS, Amendment 74 declares that any state or local government law or regulation that “reduces” the “fair market value” of a private parcel is subject to “just compensation;” and

WHEREAS, while Amendment 74 is shrouded in simple language, it has far reaching and complicated impacts; and

WHEREAS, under the current Colorado Constitution, a property owner already has the right to seek compensation from state or local governments; and

WHEREAS, Amendment 74 would expand this well-established concept by requiring the government – i.e., the taxpayers – to compensate private property owners for virtually any decrease whatsoever in the fair market value of their property traceable to any government law or regulation; and

WHEREAS, Amendment 74 would create uncertainty because it is not clear what the language actually means or how it can be applied; and

WHEREAS, Amendment 74 would severely limit the ability of Colorado’s state and local governments to do anything that might indirectly, unintentionally, or minimally affect the fair market value of any private property; and

WHEREAS, Amendment 74 would drastically diminish the ability of our state and local governments to adopt – let alone attempt to enforce – reasonable regulations, limitations, and restrictions upon private property; and

WHEREAS, Amendment 74 would place laws, ordinances, and regulations designed to protect public health and safety, the environment, our natural resources, public infrastructure, and other public resources in jeopardy; and

WHEREAS, Amendment 74 would directly impact zoning, density limitations, and planned development; and

WHEREAS, Amendment 74 would make inherently dangerous or environmentally damaging activities prohibitively costly to attempt to limit or regulate, even in the interest of the public; and

WHEREAS, any arguable impact upon fair market value – however reasonable or justified or minimal or incidental or temporary – resulting from state or local government action could trigger a claim for the taxpayers to pay; and

WHEREAS, governments would be vulnerable to lawsuits for almost every decision to regulate or not to regulate, making regular government function prohibitively expensive for the taxpayer; and

WHEREAS, similar efforts have been attempted and defeated in other states, such as the states of Washington and Oregon; and

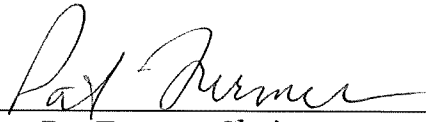

WHEREAS, the fiscal impact for similar language in Washington was estimated at \$2 billion dollars for state agencies and \$1.5 billion for local governments over the first six years; and

WHEREAS, individuals filed billions of dollars in claims in Oregon before the residents repealed the takings initiative three years after its passage. the District is authorized to fix and from time-to-time increase or decrease fees, rates, tolls, penalties, and charges for services, programs, or facilities furnished by the District, C.R.S. §32-1-1001(1)(j)(I); and

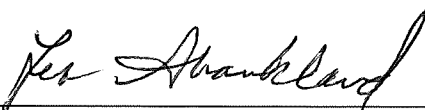

NOW, THEREFORE, the District opposes Amendment 74 and strongly urges a vote of NO this November.

ADOPTED, this 8th day of October, 2018.
